

Quick Starburst

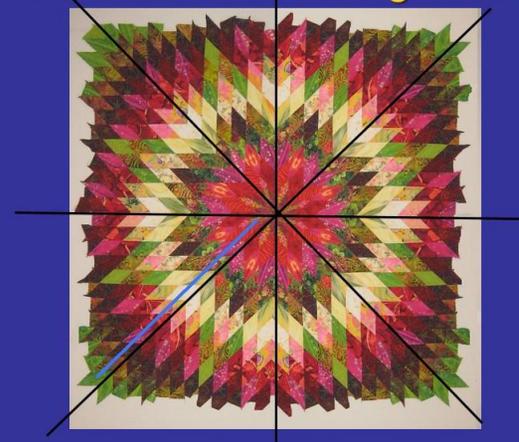

Supplemental instructions for taping the single diamond rows into a radiating spoke configuration.

Construction Techniques
featuring Garden Starburst

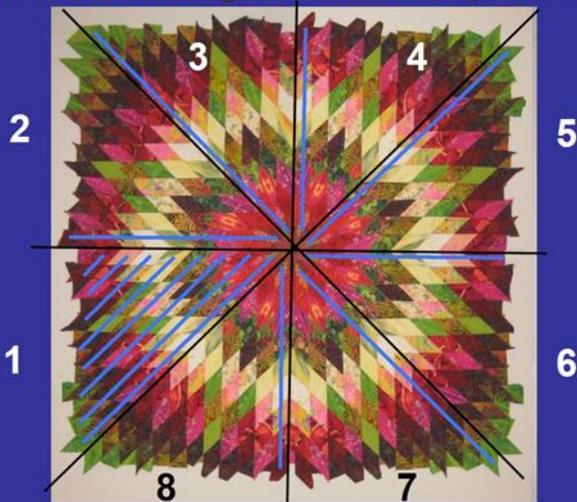

1

Begin by identifying the “spokes” of
the diamond 1/8 segments

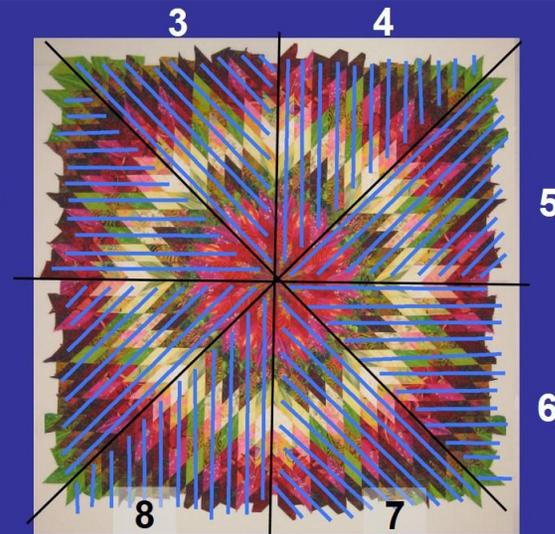

2

Fill in each segment with tape strips

Quick Starburst

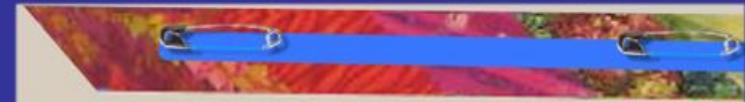

Supplemental instructions for taping the single diamond rows into a radiating spoke configuration.

Use safety pins on the design surface....

5

...pinning the taped rows at ends & center to the design surface.

6

For Construction

Remove taped rows, 1-at-a-time
from design wall.....

... take them one at a time to your
sewing table

and begin sewing diamonds
edge-to-edge.

7

Follow the instructions in the handout to pin diamonds edge-to-edge,
creating the "flattened zig-zag" for streamlined chain-piecing.
